GREAT NEWS!

Our tried & true Brain Train program is new & improved!!!

CHILDREN, TEENS AND ADULTS CAN IMPROVE THINKING SKILLS! Based on extensive scientific research and clinical experience, the Captain's Log MindPower Builder's 50 programs provide you with over 2000 different exercises to train twenty different cognitive skills. At the same time, you can improve behaviors such as patience, focus, listening, response control and mental processing speed. The depth of the content provides you with a wide variety of challenging tasks to assure success in training whatever cognitive skills you select. The Captain's Log MindPower Builder, which is now CLOUD BASED, is truly the world's most powerful and complete mental gym available.

Each Program Includes:

- Initial Interview – 1 hour meeting with Dr. Rice to discuss the goals of the training, and the likelihood that training will be beneficial. This includes records review and parent/client interview. (Parents only if the program is for a elementary school-aged child.) **Value \$250**
- Start-Up Session – A one-on-one session to complete initial testing, and to design a program best suited to address the specific needs of the individual. Can occur on same day as initial interview when feasible and scheduling permits. **Value \$300**
- Brain Train MindPower Builder program - A one year lease. **Value \$295**
- 10 (15 minute) Weekly Coach Calls - To monitor progress, help with strategies, and get feedback. **Value \$450**
- Wrap-Up Session - After 20 hours of training is completed, a 1 hour, in-office session to review progress, summarize the training, and discuss the benefits gained, and if further training is recommended. **Value \$165**

Total Value \$1460

Cost for the bundled program - \$995 (32% savings!!)

Additional Services Available For An Additional Cost:

- Pre-Testing – A basic battery of testing to measure current functioning in the areas of Working Memory, Attention/Impulsivity, and Processing Speed. **Cost \$300**
- One-on-One In-Office Training Sessions - to be scheduled through the office. **Cost \$165**
- Post-Testing – A re-administration of the Pre-Testing battery to measure progress against initial testing results. To include a brief written summary and telephone feedback. **Cost \$400**
- An additional 10 weekly coach calls can be purchased for individuals wishing to complete 40, or 60 hour programs. **Value \$450 – Cost \$405 (10% savings)**
